

NEST REALTY

Hello!

My name is Georgia Lindsey and I am applying for a position with the CAAR Board of Directors for 2025.

I have very much appreciated being able to serve on this board in the past, and am excited at the opportunity to serve again. My prior board experience includes previous one and three-year terms with CAAR, as well as serving on a local non-profit Board for the past six years, two of those as Chair/President. These experiences have given me insight on helping an organization know what to prioritize and when to take action, as well as how to use the best information available to make a decision in both unchallenging *and* difficult circumstances, all while keeping the needs of stakeholder groups in mind.

Since first joining CAAR nearly 17 years ago, I have witnessed the organization make enormous strides in building a diverse, equitable, and inclusive association. However I believe DEI does, and will, continue to be, an important issue facing our Association. An ongoing focus on prioritizing DEI matters will further enable the Association to retain our existing members, but also to attract new and diverse membership, and ultimately truly best represent the communities we are serving. I am hopeful to be able to assist with this mission in any way possible, from helping create a safe space for open dialogue and celebrating diversity to making sure our Association's policies are inclusive.

In addition to DEI, economic conditions, changing rules and regulations, affordable housing inventory, and the adoption of new technologies are just some of the additional major issues I see affecting our Association in 2025. I would be honored to have the opportunity to help make decisions that allow our Association to thrive in 2025 and for years to come.

Thank you for considering me as a director for CAAR's Board.
