

Residential MLS Demo Schedule

Tues., July 14th - Thurs., July 16th,
Hillsdale Conference Center/ Zoom

In anticipation of our Paragon residential MLS platform contract end date of June 2027, the CAAR Board of Directors is evaluating tools in the market to ensure the best possible service for our subscribers.

We invite you to attend a series of live demonstrations showcasing Paragon MLS alongside two potential alternative platforms. Attending all three sessions is strongly encouraged so you can gain a comprehensive understanding of each system and provide valuable feedback to the MLS Evaluation Project Team. These sessions will include a full walkthrough of the MLS platform, covering key features and functionality. These sessions will be recorded.
